

The Carousel Center Presents:

# Making Legends Local

Sunday,  
April 23, 2006

The Carousel Center is committed to providing a child friendly environment to meet the needs of the abused and neglected child and to supporting child abuse prevention efforts in North Carolina.

Our most generous artist of the year, is in a category all by herself. Late last spring was when

*Deborah Cavanaugh*

was first approached to be the artist of the year for The Carousel Center, she could not have been more gracious or willing to contribute to the effort.

Her enthusiasm and generosity carried through as she has given of herself and her talent all year in pointing us in the right direction for using her beautiful art. The sentence in the bottom right hand corner of her artwork says it all: "One kind word, one kind deed can change the entire world."

THANK YOU, DEBORAH CAVANAUGH!
